

Environmental Policy

KEOLIS HYDERABAD recognises the importance of environmental protection and is committed to operating its business responsibly and in compliance with all legal requirements in order to reduce its impact, prevent pollution and promote sustainability. Within this context KEOLIS HYDERABAD will implement a voluntary process of environmental protection for all its activities relying on an environmental management system based on ISO 14001 standard and in line with Indian legislation.

KEOLIS HYDERABAD is committed to:

- Comply with Indian legislation and other requirements
- Assess and mitigate Environmental risks
- Control and optimize Energy & Water consumption
- Control Noise level & Vibrations
- Control of all type of pollutant emissions
- Manage Waste and effluent thru measures that encourage minimization, recycle and reuse
- Assess and mitigate environmental risks for any development of new processes, procurement and provision of work and services by contractors
- Set-up of technology watches to develop new solutions to environmental issues and continuously improve environmental performance.

This policy will be supported by the Environmental Management Plan (QHE_PLA_004) KEOLIS HYDERABAD will use the same to maintain regulatory compliance, manage risk, implement best practice and establish a process of continual improvement.

KEOLIS HYDERABAD further commit to the following principles to minimise its impact by:

1. Creating and maintaining a positive environmental culture by implementing action at every level of the company, in every workplace (workshop, stations, offices...) through:
 - Developing awareness of the employees to environmental issues, ensuring their understanding of the policy and objectives
 - Involving everyone within the company to reduce its environmental impact
 - Actively supporting open and honest reporting and encouraging employees and contractors to identify any environmental issues
2. Providing the necessary means, technical, financial and human, to reach the objectives set in this policy and in the Environment Management Plan
3. Maintaining an environmental monitoring program, periodic audits, inspections and internal reviews to assess environmental performance in compliance with our policy
4. Continuously improving our environmental performance, meeting or exceeding the requirements of all applicable environmental law and regulation by setting objectives & targets.
